Yearbook Staff

This year's yearbook staff cooperatively took on and led the way to yet another successful Selwyn House School Yearbook publication. As advisors Mr. Bill Bedard, Ms. Kelly Von Eschen and Ms. Emily Ritchie collectively invested hundreds of hours into this year-long project. They ensured that everything ran smoothly and efficiently.

Planning for this year's publication began last summer upon receipt of the necessary literature, software and technical specifications from Jostens. As editor, I took this information home and carefully read each booklet explaining the entire process of putting a school yearbook together, from planning the contents of the book to learning to use Jostens

Yeartech software package. Also, I attended a summer camp held by the Jostens' representative for our region. At this camp, I learned skills such as market advertising, custom cover designing, and basic layout editing.

Upon returning to school, the yearbook staff made final adjustments to the ladder, the poster-sized spreadsheet indicating the contents of all 192 pages in the yearbook. As I looked through the yearbooks of past years at Selwyn, I realised that something was missing. Most of the previous books were produced solely in black and white with only a few pages of colour introduced over the past few years.

I decided to try to plan an entire yearbook in colour; however, upon meeting with the Jostens' representative, the advisors and I realised that this ambitious plan would not be financially feasible. Therefore, we agreed to produce the best alternative – to publish half of Selwyn's 2002 yearbook in colour. However, this meant that the yearbook staff would have to raise about \$8,500 through advertising and fundraising. Understanding that it would take a lot of hard work and determination, we, as a staff, gave "operation colour" the okay.

Once all of the software was installed and personalized, we were ready to begin designing the page layouts. The yearbook team was divided into different groups, each group responsible for its respective section, such as sports, undergrads, school life and faculty. The sections in colour would include sports and grads, the latter headed by Andy Rosenhek and Nick Niro.

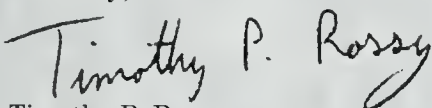

Over the years, the yearbook creation process at Selwyn has evolved. As computers became more readily available, the yearbook staff no longer used pencils and paper to create each page. However, until now, pictures were still captured the old-fashioned way, with 35mm film. By the end of the year, the yearbook staff had boxes upon boxes of developed pictures and negatives, thus making it practically impossible to find the right picture at the right time. This year marks the first year that the Selwyn House School yearbook staff chose a completely digital format: the pages would be designed and the pictures placed using computers and digital cameras. Thanks to John Scalia, thousands of digital pictures stored on the yearbook server were competently categorized and filed for quick and efficient access.

However, we still had to raise the necessary funds to pay for the colour sections of the yearbook. So, we created and mailed advertising forms to every family in the school, offering place in the yearbook to showcase their business or to congratulate their son and his classmates. Thanks to the generosity of many parents and business owners, by the end of the year, a total of approximately \$6,500 was raised.

Football videos, with edited footage of all of this year's varsity games, were composed and appropriate background music added to the many two-and-a-half hour videocassettes sold to raise money for the colour sports sections. Towards the end of the year, two separate CD's of the 2002 Graduation were created and sold to students in Grade Eleven who wished to support the colour grad sections. Both items would serve as keepsakes, reminding graduates of their final and memorable year at Selwyn. Finally, one cannot forget the numerous weekly "\$5" pizza sales we had in senior school. In total, \$2,500 was raised from all these fundraisers.

As the year concluded, we added finishing touches to the yearbook, finally completing it towards the middle of July. Thanks to the hard work and generosity of so many students, parents, and teachers, our financial and publication objectives were successfully reached. The 2002 Selwyn House School yearbook staff hopes that you enjoy our publication.

Sincerely,

Timothy P. Rossy
2002 Yearbook Editor
Selwyn House School

Advisors' note: Everyone who was involved in the production of this year's book agreed unanimously that it never would have happened without the dedication and vision of it's editor, Tim Rossy. For his tireless efforts (and for his pizza sales!) we are thankful...

--From Colin's 1997 yearbook message

"As a scholar, Prefect, and citizen he has been exemplary. His broad and significant contribution to school life are very much appreciated"

--From Headmaster Will Mitchell's report card comment regarding Colin No in his graduating year at Selwyn House School

Colin No, Class of 1997
November 23, 1973 - June 1, 2002

Selwyn House graduate Colin No, who passed away as a result of a brain aneurism in June of this year, embodied all of what we expect in a Selwyn House graduate. He took all that was positive from his broad engagement in school life, leaving a lasting impression on faculty and staff. We are deeply saddened by his passing and as an expression of sympathy to his family and on behalf of the entire Selwyn Community, I dedicate this yearbook to the memory of Colin.

Milestones

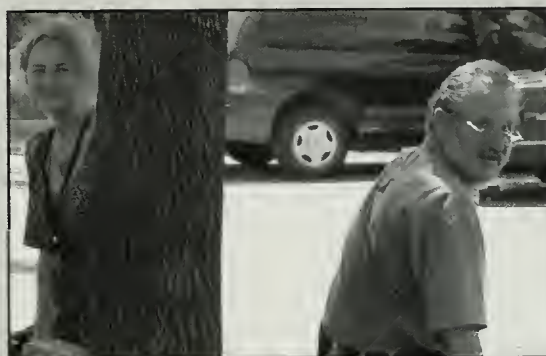

On February 28, Selwyn House teachers and staff assembled in the library to say good-bye to retiring French teacher Lisette Elbaz, who began teaching at Selwyn House in September of 1973. Mme Elbaz taught French in the Elementary School, in her later years specializing in teaching remedial French for students coming to SHS from outside the province.

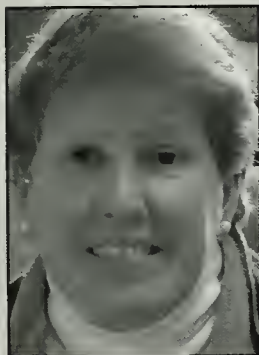

Mr. Frank Hoffmann began his career at Selwyn House in 1980 as part of the maintenance crew. He repaired everything around the school and made sure that the walkways were clear of snow. In 1986, Frank joined the kitchen staff; he worked at the dishwasher but also did a lot of behind the scenes work preparing for parent and board meetings. Over his twenty-two year career at Selwyn, Frank always lent a helping hand to those in need and always greeted you with a warm smile. Frank is now retired, spending time doing what he loves to do: gardening, visiting friends, renovating his home as well as spending relaxing time at his cottage house.

- PETER GOVAN completes his 30th year at Selwyn House.
- STEVE MITCHELL, Director of the Physical Education Department, completes 25 years of teaching.
- TOM NICOLL, Head of the history department, completes 25 years of teaching.
- BRUCE GLASSPOOLE, a senior math teacher, completed his 20th year at Selwyn House last year. This year, Bruce completes his 25th year in teaching.
- MIKE MAUROVICH, Physical Education teacher and senior Football coach, completes his 20th year at Selwyn House.
- DOROTHY WALLING completes her 20th year at Selwyn House.
- COLIN BOYLE, Director of Studies in the Secondary School and Head of Science, completes his 20th year at Selwyn House.
- CAROL MANNING, Director of Middle School, completes her 20th year at Selwyn House.

I have completed my learning experience at Selwyn House. I am so happy. To my mother and father, I love you both so much. Thank you for your love and support over the years, I know it was tough. To my loving sister Julia, thanks for putting up with me while I was in a bad mood because of work. To my teachers: the Downeys, three years of science explosions, football and physics was fun. Mr. Litvack, discussions about life. Mr. Glasspoole, maturity with numbers. Mr. Shannon, you taught me big words. Mrs. Biggs. I learnt all my grammar from you. Mrs. Mastelotto, you made Shakespeare easy. Mr. Glaude, keep eating those frites. Mr. McBride thank you for the best class. To all my boys, well. Where do I start, I love you guys more than anything. Alex, Scott, Boule & Jonny, you guys have become my best friends and will remain my best friends. Alex, you're my second family, Scott we're telepathic. Boule we party too much, Jonny the nice gigolo. To all the nights downtown, sketchy alleys, bedtime *****s, crazy girls, and crazy parties. To the boys in the grade, we had the best grade in the world. Big props to Dombosh, Jason, Engel, Potter, Oochie-Wally, Scalia, Sternthal, Niro, Roach, Robbie, Big Chesta, invincible Eddie, the playa Dixon, Knecht, Martz, Robbins, and Wolfe. This was the best year.

Finally 5 years of my life come to an end at this amazing institution Selwyn House. So much to say so little space!!! So many great memories have come at this school; (Football Champs) (Rugby Champs) (Rafting Steaks) (any of McBride's classes, the math video) the list is endless. Some thank yous: Mom and Dad you have been an inspiration for my years at Selwyn. Pa grazie molto per avermi, dato una educazione. Ma for your countless hours of bugging me to do well and succeed. Rob, my bro, take it easy, thanks for always being there. Cris a great inspiration, congrats on the wedding. Rocco Floride 2X Cuuba 2X (no more rum PLEEAASE). Josh try beating me then we'll talk. Walter too many girlfriends, Torrey I'm your agent, Chris don't forget my golf victory. Nick Kokino's too much fun, Eric, you guys are what I will call real friends. T.R., A.P., A.S., J.S., we had lot's of good times partying. Thanks to a few special teachers T.J.N., B.M.B., N.A.C., B.B., L.M., T.D., R.W., M.D., and K.B. all of you make Selwyn the school it is. The athletic dept. especially M.M., A.P., P.G., without sports I would of never have stayed here. There have been too many memories at this school, too much fun, too much partying, and too much work. To all the Grade 11s we've all had some bad times, but now we can lift our heads high and walk out of this school with pride.

Alex Bussandri

First of all, I want to thank my family for all the years of love and support. Kristen, Mom and Dad, you have been the biggest influences in my life and I thank you for your wisdom. It's impossible to believe that my Selwyn life is coming to a close. I never would have thought that I could have such a good time at school. To my boys: Eric, Scott, Boule. Too many good times to even remember. Day threes up at my house. Music trips. (Scott) 1-2-3. Ha, I won the bet. (Eric) downtown, summer grade 8. Girls? All the stories you love. Taylor: We had way too much fun together. Fast cars, faster girls. Kokino's on Friday. Fantasizing about the M's and the Vanquish. I heard someone say we work together??? Sophie: You are the coolest girl I've ever met. Thanks for hooking me up. To all the other girls, I love you more than you think. To my teachers, thanks for educating me, you've prepared me for the future. Special thanks to KB, PS, MD, TD, BM, JW, MM, CB, TM, SM, Mr. Wearing. I could not have had a better director had I made him up myself. Thanks for everything. Also, much love to JM, EM, AS, NN, CR, TM, AC, JW, AE, RC, WR, AR, KL, L.T. I did I love chilling with you two. Mary, you were the only girl that stayed with me all these years, and for that I am grateful. Adam, thanks for everything you've done for me. Grads of 2002, you guys are great, I wish you all much success.

Rob Campbell

As I reminisce over past yearbooks, looking at snapshots of our younger selves, nostalgia can't help but surface. Our passing marks the end of a dynasty. We were the Bashful Sevens, the Awful Eights, and now, the Big Men on Campus. Whatever our final legacy might years at Selwyn, and there are some people I'd like to thank for my personal success and experience here. First and foremost goes to the best high school educational staff on the island. I'm so fortunate to have been bestowed with the knowledge of such incredible individuals. With their help, I have gained a passion for learning, possibly the greatest gift they could give me. The athletic department cannot be overlooked. I only have praise for the "pure genius" involved in their coaching, as Mr. P. likes to say, and for the opportunities I was presented with. And last, to the boyz and our memories. To all of those who have made me wonder, perform and laugh, let's remember the best times of our lives: Spring Ball, Stratford, rafting, Honours Science classes, chemistry demos, football finals (what a play!), being prefects... To those I've looked up to throughout the years, thank you for your inspiration; you've shaped my personality and outlook on life. To everyone who's ever pushed or pulled, I'm forever indebted. Grads of 2002, "May the road rise to meet you. May the wind be always at your back."

Adriano Cesta

"You meet people who forget you. You forget people you meet. But sometimes you meet those people you can't forget. Those are your real friends." - Dana Scully

That's how you can mainly describe my three years at Selwyn, meeting people who start off as friends but end up as part of your family. Andy, Rob, Dan, Alex, Scott, Nick, Dom, Josh, Tim, Eric B., Adam, Eric M., Jason, Taylor. You guys are amazing, no way I'm gonna forget you! However, besides all the great people that come to Selwyn, we also have the best teachers. The math guys, hats off. You made me enjoy something that most people dread. M. Downey, thanks for all the amazing things you taught me, both inside the classroom and on the football field. Mr. Moffat, I don't think I'm ever going to have another teacher like you in my life; you were unquestionably a BONUS in my short stay at Selwyn. But most of all, I would like to thank Mr. Maurovich, you were without a doubt the best coach I've ever had. Football wouldn't have been the same without you. Finally, Mr. Paoletti, thanks for teaching me how to be a better bball player. Last but not least, I would like to thank my parents for everything. You guys got me through some really tough times. It's thanks to you that I made it this far. And Tecla, well, if it wasn't for you I'd be an only child. Bye guys.

Chris Chackal

Summing up 11 years at Selwyn House in fewer than 250 words will probably be the toughest assignment I have ever received. I would like to begin by thanking my mother, who unfortunately, cannot be here with me this year to see me graduate. She will forever remain in my memory and I love her. I also want to thank my father, for being incredibly strong and courageous, even when there were hard times. I especially want to thank you for all the money that you put into my education. What would I be today without 11 years at Selwyn House? Probably much richer... There are countless memories that I will probably forget; wonderful experiences and times that will slowly slip away from my memory but I want to say that Selwyn House has definitely been engraved into part of me and will remain there forever. Congrats to all the lifers that have made it this far, also to my friends: N.Z., L.S., T.W., J.Y., S.C., you guys are the best! I would also like to thank the entire faculty over the 11 years who have taught me and made me the man that I am today, THANKS! Special thanks to Mike Maurovich for being the best coach ever. "Sir, football is really not that bad after all..." A final farewell to everyone and thank you; my time here is up.

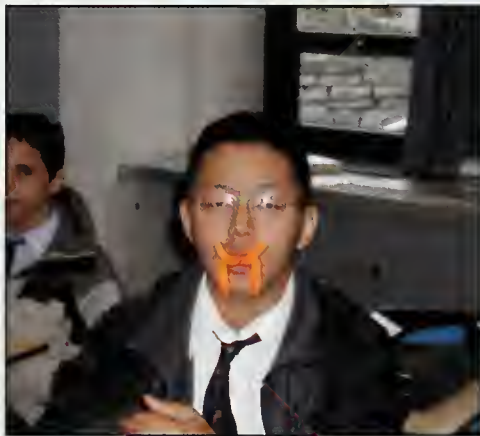

Edward Cho

After eleven years of hard work, Selwyn House is finally over. What seemed would be an eternity, at the school, ended shortly. Time flew by fast growing up in this school, playing football, going on school tripz and having good timez wit my friendz. I'd like to thank first and foremost, God (Jehova) for supportin' me and bein' wit me my whole life. I'd like to thank my parentz for supportin' me and believin' me, my bro for looking out for me and takin care of me. Thanx to Mr. Maurovich and Mr. Downey for being the best football coaches and for makin me the football player I am today. Thanx to Mr. Wearing for being the best high school principal. Shout outz to my homeboyz, Walter, Bobby, Jeffy, Jason, I know you'll always be watchin my back. What up to my man Eric B. and Scotty. Special thanx to my boyz Walter, Bobby, Jeffy, and Scott for bein wit me since the beginning of school. These eleven yearz seemed short yet demanding and hard. I look back at those hard eleven yearz and remember the good timez and the hard timez. It is with these quotez that I end my eleven yearz at Selwyn House.

"In the End, we will remember not the words of our enemies, but the silence of our friends" - Martin Luther King Jr.

"A good education is the next best thing to a pushy mother." - Shulz

Thank you to my whole family for unconditional support. My respect goes to all who made this school more than just a building. Everyday events, outings, games, championships, all of this would mean nothing without a stellar group of peers and adults who impacted me. Football and Rugby teams, all the success and fun we had are because of our desire to win and our commitment. Thank you M. B. and M. M. for being amazing coaches, mentors, and role models. You always shared your players' enthusiasm and devotion. My heartfelt appreciation goes out to all the teachers in my eleven years who "really taught" and to the library staff for teaching me that ignorance is not bliss. "The Voice" would like to thank everyone who made regular classes into stuff of legends; Potter, two words: pure talent, Roach, the recess snacks much appreciated! Campbell, you Prefects should have saved me a slice of pizza. Scotty Mac, white isn't just a colour, it's a state of mind, Maximillion, you are without a doubt the people's prefect. To Ed and Jeff, the greatest friends anyone could have. No need for more words. To others who deserve recognition, no offense intended. Finally, "The Rott" would like to say -[material censored... again]- Bottom line, people who discourage your creativity don't deserve your effort, so don't be kept down.

After 11 long years of serving time and paying dues, it's finally time for me to leave Selwyn House. I must say that I'm going to miss this place. It's become home away from home where I've spent over half my life. These have been the HARDEST years I've ever experienced. But thankfully I've had wonderful people who've helped and guided me all the way through. Firstly, I'd like to thank my family especially my parents who've strung out more than 100K for my education here at Selwyn House. To you I can only say this: I hope the things they've hammered into my head during these 11 years will serve me well for a lifetime. Secondly, I'd like to thank all my teachers whom I've had the honor of being taught by. Not only have you taught me academics but also valuable lessons about life and increased my attention span to 10 minutes. Thirdly, I'd like to thank all my coaches: MM, MD, TD and RM. You're the ones who've made Selwyn House bearable for me and made an athlete out of me. After a hard day of school, I could always look forward to being run over and trampled on in football and rugby; being thrown around in wrestling. But sadly no more. The words "DON'T BE A TOURIST!!!" will stick with me. Now I'd like to thank all my friends whom I'm going to miss especially EC, BC and JC. We the AzN Connection 4Life.

After being in Selwyn House for the past 8 years, I can't just leave without leaving some words of wisdom...ok, maybe I shouldn't try to be smart, it's kinda hard. Anyway, before I leave this wonderful school, I just want to say thanks to all the teachers who have helped me for the past years in-order for me to become a better man. I know it's a hard job for them to do, and I appreciate it, but truthfully, it's even harder for me to learn. Well, the time has come, and it's time to say good byes, and just want to tell you guys how much you've changed my life. EC, you know what you did, I don't even have to say it. Thanks for taking care of me since grade 4. JC, AZN PRIDE 4 LIFE!!! SCOTTY, you're a great friend, and I hope that I'll see you next year. JONNY, even though I've known you for only 2 years, it seems like I've known you for only 1. ROBBIE, too bad your New Year resolution didn't come true. ROCHON, my favorite!! MAX, I'll miss you big time. It's time to say a final goodbye. I won't put any quotes since I don't know any, but all in all, GOOD LUCK TO YOU ALL!!! HOPE TO SEE YOU IN THA FUTURE!!!!

For 8 years Selwyn has been my home away from home. It has also been an institute that has taught and challenged me, undoubtedly being a key factor in shaping me as a person. I like to give a shout out to all the teachers I was lucky to have been taught by: M. Rondeau and M. Pruneau, you worked a miracle by making those 2 years of French immersion sufferable (and maybe a little fun as well :). Miss Palko you were a breath of fresh air. Thanks Mrs. Burke for caring. Mr. Shannon you improved my writing the most with the thousands upon thousands of essays you assigned (I'm still reeling from the workload). Miss Mastellotto you successfully proved that it is possible to be super strict to your students and still be an amazing teacher (you have yet to do your book talk). Mr. Nicoll you successfully proved that it is possible to be super strict to your students and still be an amazing teacher. Mr. Litvack, Mr. Glasspoole, and Mr. Lumsden I'm still amazed at your dedication to teaching math. Thanks Mrs. Biggs for your ultra devotion to your students. What really makes Selwyn special are the students. We have come along way together. That fact that we all are so tight makes Selwyn unique. Thanks for all the good memories. [ChiPS]: T.W., J.Y., L.S., C.C. and N.Z... (we own). + Everyone else I have no space to mention. Mom, Papa, Michaela, and Max thank for the support I love you guys. And to the crossing guard lady: Como Yay....

After living behind punctuation marks, and grammatical rules which we have been so forcibly taught in English class for the last seven years; I was inclined to start this off with something like: "It was the best of times, it was the worst of times..." but I won't.

It's going to be colloquial all the way through! What can I say of something that has been omnipresent for the better part of half my life. But first of all, I would like to give my most profound thanks to my loving parents who spent all the money to send me here and my sister, who has always been there for me, I love you all! To me, SHS was more than a mere school, it was a place where I was able to grow both physically and mentally, due to the teachers that I have been fortunate to be with : PS, RN, TJN, BG, BM, RN and DP, you have all taught me something of value, Thanks for all of it. I will finish my schooling with knowledge learnt and the lasting friendships that I have made. These guys made Selwyn fun! MV, TR, SS, AH, AG, NS, DB, and of course Giovà. These seven years I will never forget.

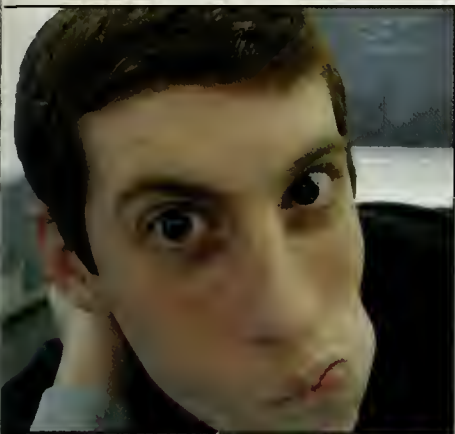

Era una strada lunga, ma tutto ha finito meravigliosamente. Grazie al mia nonna e nonno per tutti che hai fatto. Non mi dimenticherò mai di tutti quello che facciate per me. Sono felice che siete orgoglioso di quello che sono diventato. Cioè erotutto per voi. Nella chiusura, vorrei esprimere i miei ringraziamenti alle radici di chi sono. Forza la Lucania per sempre, e Viva l'Italia!

It's been a long five years at Selwyn House, and I never would have thought I would make it this long. Without many people my stay would not have been as extensive. First off I would like to thank mom, you have always been very supportive, and someone to turn to when times are tough. Dad you were always a pain, but I know it was for the best. Gramps, Caroline and Jason, thank you for all your help. Mr. Wearing: you always kept me in line, and I would like to say you have given me a lot of guidance these past years, and you deserve a medal for putting up with me. The teachers, you have given me a solid education and I hope I didn't cause too much trouble. With out my boys this whole stay would have been impossible; you gave me memories that will last a lifetime. Alie; players for life don't know what I would do without you. Nick; you're the best, you've always been there for me. Max, all I can say is G.B. Torrey, why are we so much alike, you class clown? To all the rest of my friends you have been so good to me, we have been together so long and got to know each other so well I can't imagine what school would be like without you. It's hard to lose something no matter how much or little it meant at the time.

Everyday is a journey, and the journey itself is home. — Matsuo Basho

Many thanks to those who have made my years at Selwyn wonderful:
To my family, who showed me how to look,
To my teachers, who taught me how to look outward,
To my coaches, who made me look inward,
And to my friends, who helped me to look around;
The journey has been awesome and the view is spectacular.

Come my friends
'Tis not too late to seek a newer world...
Though much is taken, much abides;
...that which we are we are,
One equal temper of heroic hearts,
Made weak by time and fate, but strong in will
To strive, to seek, to find, and not to yield.
- Alfred Lord Tennyson "Ulysses"

It's been five years filled with lots of laughs, fun and work. Besides my troublesome encounters with math and science, my Selwyn experience has been a good one. The best years of my life? Perhaps, but I've got plenty of time to decide on that. Now, it's time for the old thank you wagon to make its rounds. I would like to thank BG for helping me pass 436, TJN for all the worldly wisdom, PS for golf and English, BM for geo class and the other cast and crew that have helped me throughout roughly 900 days of Selwyn. Now for the students, I would especially like to thank Potter and Lindsay for the inspired madness, Hodhod and Saro for the enlightening lunch-hour banter, and as for everyone else, I've only got 250 words. Also I must thank my parents, who paid for school.

There are probably some eras of people's lives when they feel that they are experiencing the best years of their life. I don't know whether my eleven years at Selwyn are those years because I do not yet know how good my other years will be. In any case, these years are still at the top. Anyway, for the thanks, I would put everyone I have ever had as a teacher, but that would probably include every single teacher at Selwyn House. I guess I should just leave the thanks to Selwyn, and leave everything at that. Thank you.

I'm gonna cut right to the chase. Saro, whether it was shooting pool after school, grabbing some coffee, playing Quake II, getting a bite to eat from Dagwoods, going to concerts or just talking about life, it was all good. Thanks for all the great memories. Alex, I've never met anyone who knows as much about music or movies as you do. Laughs, curling, killing time downtown, Geography class. Good times man, good times. Shout out to Francesco, James, and Lindsay and Potter (from the infamous British Police). As for the teachers, I can honestly say that every single teacher I've had during these 5 years has been outstanding. Therefore, I thank you all. You are the cornerstones of society. Yes, it's been a rough ride, but I've come out of it a thousand times wiser. Selwyn House School, I salute you.

Maks Knecht

After having survived 11 + 1 years at Selwyn House I have learned many lessons about life; the most important one being that the world is full of people who don't like you very much, and that once one can understand this, one must move on no matter how hard the road becomes. So finally I would like to thank Selwyn House for teaching me this lesson the hard way. Some people I would like to thank: P.S., A.P.C.B.S.Q.D.S.J.M.Booger,B.B.P.G.,Jack D, my bros, and, most importantly my parents.

Sherwin Kong

Wow, it is already time to write my grad quote. Grade 11 seems to be rolling by fast and soon it will be over. Looking back at my years at Selwyn, although it was only 5 years, I believe that the years do go faster and faster. I remember grade 7, my first year at Selwyn, and it seemed that it lasted forever. But as I said, I am surprised that I already have to write this for the yearbook. Here I go then. I really did enjoy myself at Selwyn. I also believe that I have benefited from the education that Selwyn has provided for the last 5 years. The teachers are just great. The Downes and Moffat make science so much more fun. And I can't forget Mr. Boyle who stays away from the science office but seems to fit in just fine if you ask me. English with all three teachers was just great, each with their own style of teaching, from very easy-going to very strict. I also can't forget programming with a very small class size. Last thing I'd like to say is thanks to my family for sending me to this school. I think it was a good choice and allowed me to grow into the person I am now.

Lindsay MacLean

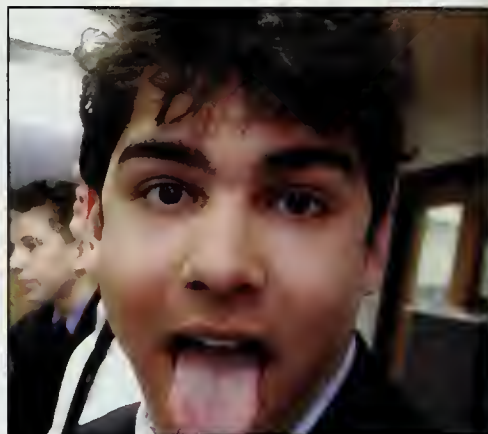

The one certain thing I can say about my five years at SHS is that it went by fast but left some great memories. Nevertheless I'm happy to be moving on but I'm also sure that I'll miss SHS but most of all I'll miss all the boys. I'm talking about the guys who made it all worth while. The Geo crew (t.d, t.m, c.r, c.c.), the Mathletes and the boys from French who helped pass those endless periods. But never could I exclude the rat pack: Gerard, G.R, Devo, Hod x 2, C.F you boys were great. And a special thanks to all the B.P officers on a job well done. Even with great friends you still need great teachers who can enrich the learning experience and without a doubt that's what I received thanks to: K.V.E, N.A.C, L.M, F.K and the whole social science department, T.N, B.M.B, R.G. I must also thank the phys ed guys, B.G for all the long runs up to the cross and to B.B and K.V.E for the great times at the RMCC. I can only hope that in the future I will have the fortune of having great teachers like you. Last but most certainly not least is my family for giving me the opportunity to go to Selwyn and helping the whole way through. Thanks Mom and Over for your early morning rides to the train. Dad and Terri for your guidance and Charlie for paving the way to SHS. Without any of my friends, teachers and family I'd never of made it by the first day of grade seven, THANKS.

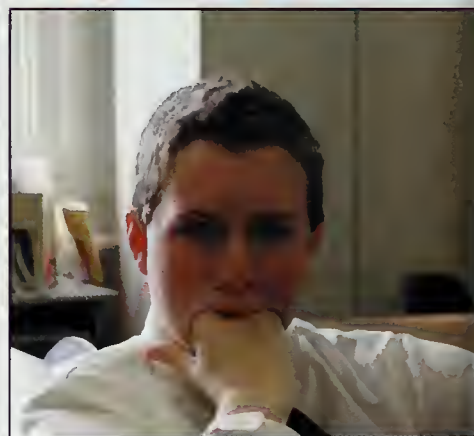

Daniel Maldoff

As my time at Selwyn comes to an end, I would like to reflect on what it has meant to be part of this civil community for five years. I would be lying if I said that school was always enjoyable, but the time where I actually did have fun came thanks to my friends, namely Andy and Adriano, who gave me support, and made it worth coming to school. Also, I would like to thank Maks and Devon, who taught me to question the status quo and strive for a better world. As well, I would like to express my gratitude to all my teachers. It is because of their caring and patience that I am not the same as I was coming into Grade 7. I have learned many important skills, such as work ethic, and when to keep your mouth shut. Finally, I would like to thank my family: my parents for loving me no matter how bad the marks were; Hannah for always being supportive and putting up with me; Gabe for being a friend and always knowing more than I do (I'm not sure if that was the correct punctuation. Ms. Biggs?). I feel that Selwyn House has really prepared me for future studies and has given me a good sense of values. In conclusion, relating to one of Mr. Mitchell's inspirational addresses, when a distant relative asks me how my time at this school has been, I can honestly say that it was good. *Over and out.*

Keith Martin

I came into Grade 7 at Selwyn House a small, shy kid. Well, I'm a little bigger and I haven't lost all of my timidity. In my final year, however, I managed to reach some personal milestones. After failing to make the Grade 7 hockey team, I tried again this year and succeeded in making the Varsity team. I also made it to the public speaking runoffs, something that would have been unheard of for me in the past. Those are small, but personally significant achievements for me. I've had some help along the way. Some great teachers: Mr. Nicoll, I've never learned more in a single class like I have in yours. Ms. Biggs, for always applauding me in my efforts. Mr. Shannon, for teaching me what true writing really is. Mr. (Colin) Boyle, and Mr. (Tom) Downey, for making the sciences the best periods of any day. I'd like to thank all of my friends for enlivening even the most boring of times (mainly during French class). You are what make a school day worth it. And finally, I would like to thank my parents for putting up with me through sixteen years and five particularly expensive ones (I'm sure you'll be thankful that I want to go to CEGEP next year). Congratulations to all of the graduates of 2002. No unorthodox grad quote, no additional humorous quotation, I commend you with a quiet farewell.

Eric Martz

I honestly cannot believe that my time at Selwyn is coming to a close. My six years here have really flown by. Lots of great memories come to mind. Rafting trip - grilling steaks. St. Jean football camp a.k.a. Club Hollywood. Heated arguments in Glaude's French class... the list is endless. First and foremost I would like to thank my parents for always being there and pointing me in the right direction. To my brothers, my role models: Dan, you are my constant source of entertainment. Rich, you know you're a great brother and you've definitely done a lot of "character building" for me. Thanks to all my friends: Adam, eccentric man - good times, crazy taxi drivers back to Hampstead. Josh, the magical lozenges, I hope your brilliant strategy works for the both of us. Dom - a bad influence (but a great guy). Walter, I hope you marry into the religion. Alex physics/chem class discussions... Everyone else that made it all go by more quickly: Torrey, Rochon, Tim, Rob, Scott, Eric and everyone else. Thanks to all the teachers: R.W., we can be immature at times, I could not ask for a better director. B.G. for entertaining-as-can-be math classes. T.N., for giving everyone a chance to express themselves. P.S. for a relaxed environment in English. K.B. - a love/hate relationship. Thanks also to B.B., B.M. and R.G. To all the grads of 2002, good luck, the best is yet to come.

This year has been the best of my Selwyn House career: american beauty, books, carnival, cirque du soleil, coffee, curling, flute, grad, kate, leadership conference, mouse that roared, monsters inc., music, nexus, olympics, peter dalglish, french plays, pool, prefecture, rafting trip, robotics, rowing, september 11, talent show, zen and the art of motorcycle maintenance... and I don't expect anyone beside myself to understand the importance of all these things. I've had so many great teachers, who've given me so much, that I can only thank a few. Pat Shannon, Lynn Mastellotto, Kathi Biggs, and Johanne Werbski: for my love of languages and for philosophical insights. Alex Ivanovici: for the opportunity to act and for the encouragement to do so. Virginia Ferguson, the "Kahuna": for reading to us and for being such a great librarian. The year of the palindrome, in a nutshell, was about maturation — mentally, emotionally, spiritually, and physically. I've learned a lot about myself in the past few months, although it wasn't always easy. Over the past six years, I've had the pleasure to know a tremendous group of students. Thanks to the guys that have made my life here fun: Alex, Andrew, Arnold, Francesco, Mike, Saro, and Sherwin. To all the grads, whatever path you take, I wish you happiness.

Well, what can one say after a decade and more in one establishment? Well, come to think of it I can't really surmise my time at Selwyn in words, but the memories will last a lifetime. Over the years bonds have been made which could never be broken, between friends, coaches, and teachers. Most of my thanks go out to my family, for without them I could never have made it. You stood behind me and pushed me to reach my full potential, and for that I am forever grateful. My sis, I'll always be there for you for all those times you slip up. To my boys, where would I have wound up without you? Alex, we'll forever be the same, 123, you owe me. Eric, you and Dixon never change who you are. Jon, I look forward to more elevator rides. Boule, we had some chill times. Wally, here's to tradition. To my prefects, yeah, you know. And to the rest of my boys, RC (All those learning experiences), AE (walking foundation), AS, JW, TM, DB, EC, JC, AC, TR, BC, EM, AR, and all the other grads of 2002, thanks for the good times. To my Mo-Westerns, you're my roots. To Mr. Maurovich, you helped me become the athlete I am today. Thanks also to all the other coaches SM, AP, TN, PG, CB, MB, for playing such a huge role in my life. Nothing but praise goes out to my teachers, you made it fun, thanks science dept (i.e. toboggan lab). And finally thanx to the ladies who made time fly. Stand out memories of sports (football), school "trips," and day 3's. To 02, best of luck, I'm out.

Jon Medalsy

In my ephemeral two years at Selwyn, I have already dug my roots, and formed bonds which will outlast a thousand lifetimes. To all my teachers who have opened my eyes and blessed me with the greatest gift of all, education, an infinite Thank You. To all my friends whom I know will always be by my side: Wally, Scotty, Eric, Alex, Boule, Maks, you are my brothers and I love you all... Mr. K, the mercurial musical muse, you've inspired me time and time again, and bought me tons of food, and so I thank you.... To Robbie and Jason, you guys are the World's Greatest; to Tony, you'll always be my best boy; to Sof, I'll always care about you more than you know; and to my parents, a million hugs and kisses.... T. S. Q (also). To all my boys who are graduates of 2002:

Well now's the time I have to summarize my five long years at Selwyn House in only 250 words. I have had many great experiences here at Selwyn; making it to the finals in bantam hockey, winning the senior football championship, and going on many different trips. My good friends Chris "The Rock" Rochon and Domenico "Bimbo or Bosch" Brunetti are two guys that I'll never forget. I want to thank Woolfe for being my new friend. You made my time at Selwyn so much easier and fun. Dixon, we think alike! And Walter, you are my favourite.... —Long live my Member of the Aristocracy friend, king Abdullah. You're the best. Berg, we're dynamite together. I have many people to thank. First off, I have to thank my parents for the love and support they've given me while at Selwyn. Without them, I wouldn't have made it this far. I'll never forget those long, boring rides to and from school, even though I was always sleeping. I'd like to thank my teachers MD, RW, BM, MA-C, CB, MB, AP, KVE, and WM. I'd like to give a special thanks to Mike Maurovich for always supporting me and keeping me updated on prep schools, and Pat Shannon for being the most pleasant and understanding teacher I've ever had. The teacher that I would like to thank the most is Tom Nicoll. He is probably the most fascinating person I have ever met. He knows everything from.... he just knows everything. Finally, I would like to thank Archie for being my second math teacher.

Boule Nguyen

Eleven years and now I'm left speechless. It's been a long road to say the least, but now that it's almost done I can't help but look back. There were many people along the way who helped me get back on my feet, but first and foremost I would like to thank my parents. Ma, thanks for always being there for me in dire times, I love you. Dad, I appreciate all that you've done for me and, for that, I will forever be indebted to you. My family, who stuck with me until the end, thank you. To all the teachers who taught me things that I try so hard to remember, it's the life lessons that I take with me: KB, TJN, MM, McB, M&T D, LM, PS, RW. Finally to all my boys that made the days pass easy: Buss, Belanger, Scotty, Tay, trying to reminisce our times is so hard to 'cause I can't really remember them. Late night times, after school projects at Alex's, and weekend parties helped me make it through. MK, JM, Oochie Wally, Ju Cru, AE, EC retarded times at school. Whether downtown, or chilling with our buds, we had good times boys. All the memories: Florida(scottssahoy), Italy(waking up was the hardest part), Boston, Rafting, Hockey, Rugby, Senior Football, it was a good run boys. I'm now at the end of the road and I want to thank everyone for helping me get there.

Nicholas Niro

After 9 years at Selwyn, it's only normal to be excited to graduate, see new things and meet new people. But I know that in a few years I'm going to miss this place. I would like to start by thanking my family. Mom, I love you for always being there, you're the best. Dad, for all the support and pushing me to be the best I can be. Nadia, you've taught me so much and without you, I don't know where I'd be. You're the best sister anyone could ask for. And the package wouldn't be complete without Kimry. Thanks for watching out for me and keeping a smile on my face. I love you guys so much. Here's to my friends who made my experience at Selwyn all the more exciting. Without you, going to school everyday wouldn't have even been an option. Josh, Adam, Taylor, Dom, Chris, Alex, Tim, and Rocco, you guys are the best. The girls who've been there since the beginning: Kassandra, Lisa and Jess. I would also like to thank all of my teachers who helped me endlessly throughout my years at Selwyn with special thanks to: K. Biggs, E. Pinchuk, R. Wearing, B. Glasspoole, P. Litvack, J. Werbiski, and R. Mateos. "The toughest thing about success is that you have got to keep on being a success."—Irving Berlin

I'd like to now reflect on the 5 years I have spent at Selwyn House, and though it is impossible to sum them up in this tiny space, I'd like to thank a few people and then share a few thoughts. I would like to thank my parents who always put my education first, forking out the tuition to ensure I got the best, which I undoubtedly did. Secondly, I would like to thank all of the great teachers at Selwyn: without you it would have been impossible to do well, your positive teaching styles, and engaging techniques made school as fun as it could be. Thirdly, I would like to thank all of my peers, without you guys I probably would not be graduating, but I would especially like to thank TR, JS, MT, and JW, your help and attitude helped me make it.

Leaving Selwyn House I will always have many grrrrreat memories to bring with me but I will never forget the "educational" conversations of the common room, without which Grade 11 would have been a bore.

It's kind of hard to believe it, but we did it, congratulations!!! Good luck in all of your endeavors class of 2002.

Christopher Potter

Five years at Selwyn House and it's all over. Believe it or not, I will miss it. I've had a good time at school with the teachers and my friends. Thanks to my parents, teachers, and my coaches because if I ever amount to anything, you're the reason. As for my friends, it's been great playing sports, "working" in class and living in the Selwyn life. Some advice, don't take life so seriously; you have to have fun. I don't do the whole initial thing, but you know who you are. Sorry to the teachers whom I made their lives not worth living. I know I've been your career challenge. But I couldn't do it without my partner in crime L-Mac. Our goal in school was always to make people laugh and for the most part we accomplished it. A teacher once told us that L-Mac was going to work at McDonalds making hamburgers and I would be even worse, scrubbing the floors. But whatever life takes me to, I know I'm always going to try and make it funny because there is never a serious moment in my life. See y'all later.

11 years have quickly passed by. Now it is time for me to leave, and explore the new world on my own. I am going to miss this academic institution very much and I would like to thank all the teachers and coaches who have really made a difference in my life. You guys have educated me and put up with me for 11 long years, Grazie. Mom+Dad, thank you for supporting me and sending me to this wonderful school. My boyz: Dom,Alex,Scotty,Eddie,Robbie,Jon,Rocco,The 2 Erics,Wolf. Je t'aime, you guys are my brothaz 4 life. Jessi: Youz my sista from another mother. I love you Abdullah: "ALLAH IS GENEROUS!" I miss you man. THE WEALTH IS IN GOOD HEALTH. Thank you Selwyn for giving me the best 11 years of my life....

Geordie Robbins

The past five years have passed me by at an incredible pace, and I can't believe it's already come to an end. I would like to start by thanking my family: the parents for coughin' up \$50,000 for my education and putting up with my complaining, and my sis for realizing that my attitude towards school is not the best and that she will be more positive about it than I am. I've been grateful for having some great teachers and coaches over the years: PS, for making the class interesting and yet unusually easygoing at the same time, BG for opening my mind to its full potential, TD, CR, RG, KB, LM, PL and finally Mr. McBride for...uh heck just bein' Mr. McBride. CB, AP, for pushing me to achieve and improve in a sport I love, and finally RW, for being a great entertainer without even knowing it... After unforgettable trips (Stratford, Rafting, Bishop's, etc.) and irreplaceable memories, the time has come for me to move on. Shout-out's to the ones who made it so enjoyable: Devo, A. Roy, L.Mac, C.Pot., to the Rozzlyn boys, and to the graduating class of 2002 WE MADE IT BOYS!!! Best of luck to everyone in the years to come, and as for Selwyn, you will not soon be forgotten. I've learned a lot, I must admit, and I've matured, it's true. Real intellectual and social growth - I'm a whole lot taller, too! The mind is such an awesome thing; if nurtured it will grow. A truly wondrous journey, this - but now, where shall I go?

Christopher Rochon

It is amazing how fast five years disappear in your life. At Selwyn, that was the length of my stay. During this period of time I have had so much fun with all my fellow classmates. I would like to thank my mom and dad for all of the support that they have given me. All of my teachers that taught me so much in the past years. To Mr Wearing who has put up with a lot, but at the end of the day he is always there to help. To my friends, it won't be the same come next September because we will be separated. To my best friends Dom "the razor" Brunetti, Torrey, Taylor, Nick. Bous back row in English, McLean "Kramer", Timbo the best class ever (French/Soup Jason "Jackie Ne ho" Chung(cookie) I wish all the best to the class of 2002.

I can still remember my first day at Selwyn five years ago. I walked down the hill not really knowing what to expect, and when I arrived there was not a single person at the school. Who knew that the first day of school started an hour later? It just so happens that that was the last time I ever showed up to school on time. I guess that I have to thank all the homeroom teachers I've had for not writing my name down on the late list. Without you, I'd probably still be serving time after school. I would also like to thank the teachers that have made learning throughout the years more enjoyable. KB, TJN, PL (the only teacher to allow us to polish his head and to always joke around with us), CB (thanks for the demos), MD, BM, AP (we're not NBA, but we're close right?). So what really happened at Selwyn over the past five years? Daniel and Nick, sleeping in the chicken coop at the Adirondacks, "loitering" on the New Brunswick soccer trip, Chris C. and Adriano in the "big suite" at the Bishop's juvenile basketball trip, Arnold my "h to the izzo" backup in French class, ECS leadership conference (Emilie), rafting(oh censored), prefect (pizza) meetings, and too many other memories to name. All the room I really have left is to mention some of the guys that have made the past five years unforgettable: Adriano, Arnold, Robbie, Daniel, Alex, Scottie, Jon, Boule, Jason, Josh, Oochie, Tim (Beefy), and to 11C, the year was MAAAVELOUS! "A conclusion is simply the place where you got tired of thinking."

"We are born weak, we need strength; helpless, we need aid; foolish, we need reason. All that we lack at birth, all that we need when we come to man's estate, is the gift of education" - Jean-Jacques Rousseau.

Throughout the past five years at Selwyn, I have been provided with the necessary foundation required to excel in life. Throughout my senior years, I have been given ample opportunities to discover new passions as well as real-life challenges. Mr. Bedard, thanks for your hard work and dedication; I have developed a new excitement for multimedia and desktop publishing. Mr. Maurovich, you play a vital role in all of our lives, developing our self-confidence and personal character both on and off of the football field. Mr. Downeys and Mr. Moffat, you bring meaningful spirit into the school. Mr. Boyle, Mr. Phillips, Mr. McBride and M. Glaude, your unique styles of teaching will never be forgotten. To the English department, you have allowed me to develop important perceptions on life. Mr. Glasspoole, I enjoy your exceptional teaching. Mr. Wearing, you are undoubtedly the spirit of Selwyn House: to you I owe many thanks. John, you are a very special guy and a friend forever. To my other friends: AP, FD, MV, NN, DB, AR, JW, AC, SM, EM, CR, thank you all for everything. And finally, Mom, Dad, Kathy and Greg: thank you all for supporting me through five years of relentless striving to help me become the person I am today. The best of luck to all of the graduates of 2002!

It's difficult to record a phase in my life without mentioning how much my perspective has changed over the years. At some point, every wave must break and now is the time when everyone must pursue their vision in their own way. I'd like to acknowledge and thank all those who have made my experience that much more fulfilling, especially my friends, my brother and my parents. I wish everyone good luck and I bid you the finest of farewells. To all of those who have made me the person that I am, thank you.

Goodbye to all my classmates, I may or may not ever see you again when it's all over. To all my friends, you know who you are, this is our departure...

Thoughts on fire here I am armed with nothing but my pen and a big plan... Cause we all know that it's time to go. Downtown running, screaming, naked, laughing, living, loving. Downtown screaming, running, naked alive tonight with our thoughts on fire... Try to focus on not focusing too much on it. Try so hard not to think about it that it becomes the only thing that I can think about... I got to think about my own life.—Dennis Lyxzen

I've tried over the last few years to live by this standard but... being myself... my ability to arrive at such a high standard has arrived a little too late. I am truly grateful to the people who have helped me reach this high point in my life... Hopefully not too late, I thank all those teachers who have helped me out these past 11 years at Selwyn House: MD&TD (great advice and always ready to help), BM (can always ask for your advice and it always helps, always standing there behind me in-case I fall behind), LM (always there), PS (keep everyone laughing in class, making English fun to learn), KB (keeping me in line), RG (making French interesting), BMcB (I now know the importance of Supply & Demand), CR (could always ask for extra help), RM (showing me that 100% effort in what I start can get it done), NA-C (I've never seen such an energetic homeroom), BW (telling me where to improve to keep going), RW (reminding me not to be late).

These are the teachers and faculty who've helped me throughout my last few years at Selwyn House to achieve great standards of life.

The best thing I take out of Selwyn though, is the experience I have gained and the friendships I have earned, this was also an aid in achieving what I set out to do. You guys always stood behind me!

Giovanni Scalia

After five years of hard work, it's not easy to sum up all the wonderful memories experienced along the way. I am proud to have been a part of the Selwyn community, gifted with great teachers and amazing people. 5 years of heavy traveling 2 hours per day has greatly paid off. I would like to especially thank my parents and family for supporting me along the way, during the hard times and the good times. I couldn't have done it without you. Thanks for making me the person I am. Thanks Joey "Peppi" for driving me crazy and waking me up so early with the screaming at 6:15. I would like to thank all the guys who made it fun and who made me laugh so much. Timmy, thanks for everything, you're the best friend anyone can have. Francesco "chico" (who's Gino) and Marco (who said u were quiet ?!?!), those crazy and amazing laughs at everything and everyone are truly unforgettable! Anish, remember the hello on the first day of grade 7? All the other people that I didn't mention, these years will never be forgotten, thanks for everything. The journey through Selwyn began with a beautiful trip to Italy in grade 7, continued to an amazing rafting trip and ended with an unforgettable Grad. After unforgettable memories and life shaping experiences, congratulations, good luck, and all the best to the class of 2002.

Looking back at the past five years, I tend to remember more than anything else the small but important things that made up my everyday life. I remember afternoons of curling or hitting golf balls in PE, or the later time spent at Second Cup slowly sipping coffee with a good friend. I remember the self-proclaimed "British police" and the thousands of cracks about Francesco's hair. No matter how much we complain, I think that we will all be missing this place and time dearly in the years that come. As for the teachers I have had, I would like to thank the two that are respectively the least likely to come across this and the least likely to care about being mentioned. First, Ms Palko, who, in teaching me to debate, turned me from a shy kid into a more confident and capable speaker. And second, Mr Shannon of the trademark laugh and blackboard cartoons, who taught me to keep my writing concise but apt - you are a poet. Finally, I leave my classmates and myself with some wisdom: Don't take life too seriously, relax, and laugh a lot. Thank you so much to my friends who have always been there for me: James, Francesco, Alex Gaten, Arnold, Sherwin, Jacob, and Mike - you guys are the best. Finally, thanks to Andrew Hodhod for being the best friend a guy could want.

A wise man once told me that I could be a champion in anything that I put my mind to, that man was my grandfather. I have fought the good fight and won. Thanks to my family: Mom, Dad, Kate, Tess, Nana, Papa, without your support I would have never succeeded. Secondly, all my teachers who pushed me to meet my potential: KKB, PS, NAC, TJN, KVE, BM, CR, BM, MD and finally RW. To all my friends- G-man (a friend I hold dear), Roy (thanks for the great times), L-Mac (WI connection and the funnest guy I've ever met), Roach (thanks for the laughs), Mitchy (what can I say), Potter (never a dull moment, kudos), Gaten and Maldoff (thanks) and finally- Max, the music man, (Good luck in all your future endeavors, you'll be missed), I owe you all so much. When I stop to think about all the good times I've had at Selwyn, Ski days, Stratford, Rafting, Talent Shows and so many other countless times I'm in awe at the speed in which they have passed me by. As this chapter in my life comes to a close I am both relieved and saddened. I have yet to celebrate the rest of what life has to offer but I will always hold my time at Selwyn close. I say adieu to 5 years of my life but greet the many to come. To the Graduating class of 2002 all my congratulations: we did it guys, we've all made it

Michael Sterle-Contala

This is the last time I will be seeing most of the class of 2002 for awhile, and writing this just got me thinking about how much I will miss Selwyn House and my classmates of four years. All the great memories I will take out with me to college could fill an entire book. These have been some of the best four years spent in school, and I just want to thank all of my teachers, who made all made sure I graduated; my parents, for helping me out whenever I needed it; and my friends, just for being friends. And so I end with this quotation taken from cartoonist Scott Adams, which, I think, represents me pretty well: "I like deadlines. I especially like the whooshing sound they make as they fly by."

Adam Sternthal

I will forever cherish my days at Selwyn House, and most probably one day, will wish I had stayed longer—a prospect that almost became a reality due to math 536. At the same time though, I can also say that I am ready to move on—a less civil, less structured CEGEP education is beckoning. Both my parents and I are indebted to this institution both literally and figuratively. While it provided me with an enriched education, civilized lunches, and my right wing ideals, it left them with a hefty debt. Without question, the strength of the Selwyn education is provided through the dedication of its teachers. I wish to thank the following for their devotion, time, and hopefully, understanding: Bec and Ian for the support, TJN, BG and RW. It is a daunting task to summarize 11 years of one's life in 250 English words, but here I go. The following memories, which best highlight my Selwyn experience, will forever remain sacred to me: Elementary school Greek Week, Class Rouge, Grade 5&6 hockey, Mr. Dowd's office, Rock climbing, and La coupe Glaude stand out amongst the thousands of others. Thanks for the great memories, experiences, friends, and delicious lunches; one day I will say that these were the best days of my life.

Lauren Storelli

It's been a long and tough experience for the nearing 5 years here at Selwyn. A journey filled with amazing memories and unforgettable people. First off, I'd like to thank my family: Mom, Dad, Moo, Claudio, Dre and Grammy. Thanks for your support and love throughout the years. I'd also like to thank the teachers that have helped me over the past 5 years. You guys have made me what I am today and helped me succeed: MD, TD, BM, AL, RG, KB, SM, BW, BB and RW. And now to those who deserve the most thanks—my friends. You guys were there to help me more than the whole way through. I couldn't have done it without you guys: CC, NZ, TW, JY, SC and all the others I forgot. Together we made Selwyn a little more fun and we'll have plenty of memories to look back on. It's been unforgettable boys. Keep in touch. Bye.

Matthew Tabah

Since my first day at Selwyn House, five short years ago, I've accomplished more than I ever thought I could, thanks to the many incredible teachers, especially Mr. Nincheri, who sadly, retired after my third year at Selwyn. He was truly an inspiration. Ms. Biggs you have taught me more than just the English language, and the Downey's, you guys already know you are the greatest. I also would like to thank my family. Dad thanks for the early a.m.'s, Mom and Sarah for your endless support. I am grateful for Selwyn's great sports program, I have learnt a lot about tennis, badminton, and golf, well maybe not golf. The long school year would have been unbearable without many incredible friends, and great summers at L.M.C.C.. My departure from Selwyn has been eased by remembering the simple words of Semisonic, "every new beginning comes from some other beginning's end." And finally I would like to leave you with some words that must never be forgotten, "you don't make friends with salad" Homer and Bart Simpson.

Nathan Vexler

Wow! I don't know if the preceding interjection describes one great sigh of relief or a shout of euphoria but I would say that the ambiguity of my exclamation sums up my last 7 years. When I came to Selwyn back in grade 5, I was the *awkward*, lanky boy with glasses. My general physique hasn't changed terribly (alright, I'm no Charles Atlas but I still have *some* meat on my bones!) but thanks to the great atmosphere and the people that make it, my attitude has changed. You rock!... The whole class of '02 but especially SB, SS, JH, JM, JW, DM etc... and the great teachers that cared so much and still do - I can't name them all: JP, M+TD, PS, LP, MB — thanks for saving my life, etc... The relatively cruel years of "Mid-life crisis" at Selwyn paved the way for the awesome years of senior school. To all the graduating class of 2002, remember: misery, happiness, euphoria or melancholy — it does not matter what your state of mind is because in the end, it is all relative. Perspective is a figment of your imagination that hardens or softens the patches of quick sand along the road of life. Just be yourself and brave the storms with the tenacity of the simple pillbug and don't forget to enjoy the calm after the (hopefully short-lived) storm. To all, best of luck; I can't wait until the big class reunion of 2012.

Marco Viglione

Selwyn House has been my home-away-from-home for the last seven years. I have been part of this community for an important part of my life—my teenage years. When I first arrived in grade five, I was uncertain where this path would lead me. Now that I have reached the end of this long and valued chapter in my life, I can't help but wonder again what lies ahead. Thank to my friends, TPR, FDM, and G.J.S. Also thanks to AMP, DKB, and JRW. There have been many laughs, many memories, and a lot of homework. Over the years I've developed great appreciation and admiration for the teachers who have made my experience at Selwyn all the more memorable and enjoyable. My gratitude goes out to the teachers whom I regard as the all-time best in their field: AML, PCS, KKB, LM, LP, BM, MD, BMB, and CFB; and of course, special thanks goes to BWG and RBN. For me, the most memorably knowledgeable classes were BG's math class, KB's English class, and RN's history class. Thanks to all the teachers who I have not mentioned and not forgotten, including those from my earlier years at Selwyn. Lastly, thanks to MB and the tradition of intramural soccer in the spring. My senior year was one of the most memorable: in math class, I learnt the different 'signs' of trig, in chemistry I had to remember to 'take out where you keep track of demos,' and English class was simply 'marvelous.' Highlights of the year include the noon countdown, the sign, the glove, the eco-coat, bottom-of-the-hour weight training, the metro & damage labs, the stories, the lunch table, and tree & bench. To the graduating class of 2002, I wish you good luck in your safe journey ahead. *Arrivederci*, until next time.

Thomas Winiarski

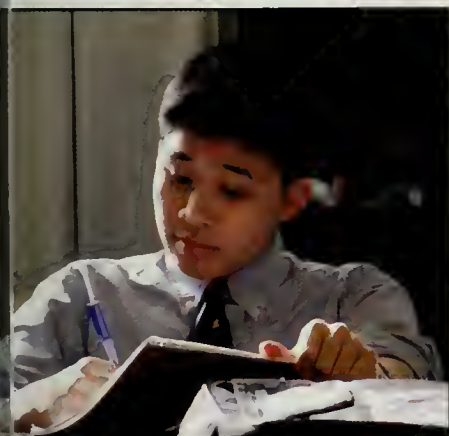

My career at Selwyn has come to an end like a breeze and it aches my heart to finally say goodbye; the many educational and amazing experiences all blend into one, beautiful mosaic, a distinguished part of my life, which I will surely never forget. Apart from the exceptional education and it's glorification not only by teachers but also by students, Selwyn taught me to respect others and find joy in doing so. Along this path, I have met some people who, wherever the tide will take me, will always occupy a place in my heart. Steph and Jeff, you have taught me the meaning of true friendship by always being there and I'm sure no one I'll ever know will be able to surpass the hilarity, stupidity, beauty, and intelligence of our many conversations. L.S., C.C., N.Z., E.C., A.H., you guys were always good friends and made me laugh, and B.C., you were always truthful and deep down a caring guy with a love for food seldom seen (wrestling is fake!). Finally, I would like to thank the teachers whose work and contribution to our lives will help us through our journey in life, and especially Mr. Glasspoole for believing in me during my tough times in high-math. Mom and Dad, your sacrifices to put me in such a good school to give me a better chance in life will be remembered. I love you.

Josh Wolfe

Well after 11 years in Selwyn House, I can definitely say that it has been and will be one of the best times of my life. I've had so many great moments and memories, and had the opportunity to work with some of the greatest people possible. Firstly, I'd like to thank both my parents, for their love and support over these years. Without them this would not have been possible. As for my sisters, I'm very thankful for the support and of course their useful advice. Now, the people I've come to know so well. Dom, its been great and I'll never forget your "take it ease" or your "don't worry about it"... Eric aka Parkinson I've known you forever and keep pumping those biceps... Shnick you're the greatest, and the one person I can really count on... Fabio Rotefella its been so much fun for the past 11 years, I cant believe its over... To all the others, Walter, Alex, Anish, Tim, Chris, Taylor, Torrey and everyone else thanks for the greatest of times, and good luck. As for my teachers, I'd really like to thank Mr. Glasspoole. Your help and support has given me the opportunity to explore my talent and I am grateful for it. To anyone else, I wish you all the best and hope that we will one day meet again.

Jeffery Yip

Every new beginning comes from some other beginning's end.

I know that I'm going to be closing a large chapter of my life. Eleven years, two-thirds of my life so far, spent at the same place, seeing the same faces. There are things that I'll remember for my entire life, friends that I hope will never fade into oblivion. This has been such an enormous part of my life for such a long time and I even remember the small things: waking up to the soft snow when it's still dark outside and saying goodbye to my parents, playing outside at recess with my blazer as goalie equipment and just having fun with friends.

I know I could never write anything eloquent that could sum up properly my years at this school, so instead I'll try to leave with a few words of appreciation. Thank you Mom and Dad for your sacrifices. It means more to me than anything and I wish I could repay you for the chances you've given me. Thanks Jan for love and the long talks that we sometimes have. Thank you to all my friends (brothers) for the years of support and to all the teachers starting from one all the way to eleven. Thank you all.

Nino Zammit

Well, 9 year of waking up at 6:30 arriving at school by 7:30 has finally paid off After 17820km (+ a few thousand for extra trips and snow days) and around \$110K I have become what I am now. This could have not been accomplished without the help of my parents, family and friends. Thank you so much. You know how we all say that we won't miss anything when we leave this place, but as "The Day" comes closer, I have had many second thoughts. I have never thought how hard it could be to sum up my life in one little paragraph. Big thanks to all the Phys Ed dept. To all you young Varsity Football playas, GO GET EM! I will miss you, but I'll be there for you. Thank you to all the teachers who have ever taught me. Mrs. Biggs, for a wonderful grade 11 year. To Mark and his staff, Normand and the kitchen staff. Mr. Wearing for being a role model for every student in the school, and for your patience with all of us. Thank you. Till the next time we meet, peace out.....

Selwyn's Varsity Football Team began its season in late August at a football training camp located in St Jean, Québec. The team greatly benefited from the leadership of head coach Mike Maurovich, Coach Mike Downey and Coach Tom Downey.

Coach Maurovich was called away from the team for three weeks, leaving Mike Downey in charge as head coach. Coach John Biggs, as well as Coach Shawn Koch were vital additions to the team's subsequent successes helping the Senior Gryphons to victories over LCC (14-7), Saint Sacrement (20-10), D'arcy McGee (35-7), Laurentian High School (23-0) and a 16-16 tie with Bourget.

Selwyn played St-Jean-Vianney and defeated them in the semifinals 32-12. At this point all of the players knew that this would be the final opportunity they would have to play on the same football team as their Selwyn peers. A fantastic game versus Bourget in the finals ended with the Gryphons one point shy of the title despite some inspiring play by the defence and the offence. The 14-13 game against Bourget on the frigid, gloomy November afternoon earned the Senior Gryphons the silver medal. At the end of the final game, Coach Maurovich gathered all his players together and said: "I'm so proud of you guys. I love this game; I love this team. We are the smallest school that plays football in the province and we're always in the finals! And we always show distinction and character. We've got our heads up all the time. Why? Because we always want to be the best. You will go far in life because you win the fight and you work hard. So be proud of yourselves because we [the coaches] are proud of you."

The devoted coaches, for their hard work and determination, deserve more than thanks. Without these mentors, our experience at Selwyn would never have been complete.

The Bantam Gryphons had a very successful season, only coming one point short from bringing home the gold. Our strong defense, led by Joseph Stonehouse, Justin Bahli and Alex Kaluza stopped the opposing offences to minimal scores. With countless hours of hard work at preactice our Bantam Gryphons had a truly unbelievable season. Our powerhouse offence, led by quarterback Beno Shell-Schnitzer and other weapons, including wideout Jon Merritt gave the Gryphon's an offensive edge. Our offensive line led by Ivan Neilson allowed running back Justin Moretti-Montpetit to plow over opposing defenders. The Bantams have much to look forward to next year as Phil Cutler, Harry Avrith, and Mike Sutton return for their final year of eligibility. Many thanks go out to coaches Steve Mitchell, Ted Shaw, and Colin Boyle for their encouragement and wisdom.

Grade Seven Football had a very successful year. Competing in four Jamborees, the Baby Gryphons were finalists in three, thanks to outstanding play from team captain Dino Zammit. The future in football looks bright, as we will be graduating Enoch Ho, Tom Wu, and Mark Sadaka. These Gryphons should be positive contributors to the program next year.

This soccer season was filled with a range of emotions, celebrations, disappointments, sadness, bewilderment, pain and sorrow. The celebration of our first victory had inspired us to push on for the rest of the season. The soccer gods had blessed us with mild weather, green fields and blue skies. A wide spectrum of wins and losses filled the record books throughout our season. Our victories ranged from five to one, four to three; our losses were few and games were extremely competitive. Our up-and-coming rookies outnumbered the veterans. Our captains, Maks Knecht and Andy Rosenheck, lead the team efficiently and positively. Even though at times we seemed not to function together as a team, Maksim Knecht always provided us with wise and inspiring words to guide our cleats to higher ground. Disappointment was a factor as the season progressed. Our losses were disappointing as most are. However, our key center mid field, was tragically lost to some soccer league technicalities. Thomas Rigby plays on the 'all mighty AAA Lakeshore' soccer team dynasty. The division we were in does not allow players from this triple A division to play. This is truly a disappointment to the team as our starting line up suffered.

The soccer season was haunted by the events of September 11th. Even on the soccer fields, we were aware of the impact on our lives and were extremely grateful for the luxury of being able to continue to play our game and live our lives in security. Even though our season was not successful we left with our heads high. All of the rookies, soon to be veterans, leave with higher aspirations for the next year, and look forward to fall and the upcoming soccer season.

This years team played very competitive soccer and was very exciting to watch. The boys played hard but we lost many close games. Captain Paul Tsoukas will be one of the many returning players next year so the leadership and the future is encouraging. Some of the highlights included the home and away games with Northwood School, our friends from Lake Placid, that included a dramatic overtime penalty shootout...that we lost.

The Bantam soccer team experienced a season of ups and downs. Positively, there is much talent and potential on this team. Leading the way is Francesco Sacco, team captain and leading scorer. Further, an excellent defensive corps led by goalkeeper, Stefan Luu, defenders Aaron Esterson, Phil Clark, Adi Pathak, and Nick Schouela looks promising. Our team was competitive in every game and surely we would have had more victories if we had had more lucky bounces! Other highlights included the trips to the Bishop's and Centennial College tournaments, where some games were won and some team bonding occurred. A victory over Bishop's College School during Terry Fox Day at Selwyn House was another celebrated event.

This year we had two teams with some 50 boys involved in the program hence, we were able to field two very competitive teams and have exciting soccer during our regular season play. Six boys were sent to play at the U-13 level in Hamilton with the grade 7 team. The focal point of our season was the LCC Tournament, where we were unable to defend our previous year's championships, but the great leadership from the grade six boys and some exciting talent in grade four earned both teams a spot in the semifinal matches. The coaches were pleased with the development and play of all team members and they look forward to next year, with over 25 boys returning to the program.

The Selwyn House runners had two tune-up races this fall prior to the provincials, at Lindsay Place High School, and then at John Rennie High. At the GMAA Championship Races, held in Mount Royal, our juvenile team of Josh, Lindsay, Nathan, Nick, and Sherwin, finished second overall—narrowly edging out Pierrefonds Comprehensive High School. Individual placement in the race determined the GMAA's team at the provincial championships. On October 18, Josh, Lindsay, and midget-category runner Davide joined other GMAA qualifiers and Mr. Glasspoole on the bus to the Provincials at Baie Comeau where Josh finished second. Congratulations to all team members for their continued effort and enthusiasm.

Despite several struggles, the Juvenile Hockey team's year proved to be one of great accomplishment. The team, led by essential assets and veterans Alex Bussandri, Scott McMillan, Nino Zammit, and other Selwyn seniors, had a challenging year. The team learned a great deal about team spirit, leadership and cooperation. Dimitri Manousos' forward line, including Alex Bussandri and Zach Greenberg, provided sparks of offensive talent. Mr. Steve Mitchell, filled with motivation and support, coached the offence. Defensively, coach Tom Nicoll inspired the players, and made a lasting impression on the players' hockey outlooks. Next year, the young rookies have the honor to be coached by such talented coaches. While the end of the year was somewhat disappointing, all can agree that the team's accomplishments are more than the statistics indicate.

The Bantam hockey team had a year of great accomplishment. The mostly veteran squad, led by Justin Moretti, Alex Kaluza, and Andrew April, dominated the league. The team's initial two losses were just momentary lapses in what proved to be a grand sweep of the conference, consequently leading to a playoff berth. Also, a successful trip to Boston, resulting in the defeat of our friendly neighbors to the south inspired our players for the rest of the season. The Bantams were blessed with a mix of both experience and talent and they would not have had the same success without such talents as Angelo Esposito, Jaryd Zummer, as a veteran goalie, and Thomas Morse. Coaches Gary Yip and Mike Maurovich can look forward to a talented team next year.

Reflecting now upon a season of great effort and individual accomplishments, one can fully appreciate all that the Juvenile Basketball Team accomplished. When the team was first called together, Coach Paoletti was met with a group of skilled and talented players. With Geordie Robbins, Adriano Cesta, and captain Andy "Threes" Rosenhek providing a powerful and cumbersome source on the court, Walter Rha, Domenico "Palermo" Brunetti, and Josh Wolfe were able to lead the team with their confident stride and fierce attitude. With their initial wins under their belt, the squad vanquished all opposing foes. After a successful trip to Bishops, the team was given a sense of inspiration and assurance in their talent. On-lookers at games were given a glimpse into a High School Basketball Team that never gave up. With the combination

of the player's talent and experience, Selwyn House can look back in years to come, and use the team as an example for others. Next year, oncoming players can look forward to being led by this year's up and coming rookie, Miguel Burnier, who provided the team with a sense of new talent, and expertise.

The basketball season ended with Selwyn losing to Hebrew Academy in the GMAA semi-finals. I was very pleased about our players skill and team development. We were competitive in all of our games except the Hebrew Academy games. The highlights of our season included the hosting of our grade 7 Tournament and our play in the finals against Brebeuf. Our trip to Toronto in the Royal St. Georges Tournament included an exciting and upset win over Ambrae Academy. Many thanks to the players and parents who supported us this season

The bantam basketball team began its season well with a winning record and a good chance of making the playoffs, however, this record was reset midway through the season when we had to play the best teams in the league consecutively. After this, we were given a mid-season break at Bishop's School annual integrated basketball tournament. Here, we did very well, winning our first two games, only to lose to West Island College in a nail-biting final match that was decided in the second half. Returning determined and refreshed, the team won four consecutive games, assuring ourselves of a playoff berth and enhancing our confidence for a rematch against West Island College. In this semifinal match-up, the game was close. Finally, the clock ticking down, Selwyn rallied with short yet effective plays maintaining excellent defense. This burst of enthusiasm came too late and we suffered yet another heart breaker to WIC. It is futile, however, to merely recount the losses as there were many triumphs and we improved our skills throughout the season.

With mixed feelings we started our season; a few of the best players had moved on to Grade 7. Still, we were confident. We started with a blast and won the SHS tournament in November. Our annual trip to Toronto was a success. We had a cheering crowd (a lot of parents came to Toronto to support us) despite only finishing fifth in the UCC tournament. From there things got better: we won the LCC tournament in January, twice defeating Westmount Park, our biggest rival. We

remained undefeated in our regular season. In the semifinals, we beat Solomon Schectel School and then what a heart breaker!—we lost the final to Westmount Park. Tears were shed but this experience was character building, even though we didn't recognize it right away. We had a lot of fun during the season and Miss Heath and Mr.

Boyle were terrific coaches. Too bad we have to leave behind next year. Thanks for the stats, Miss Heath!

The SHS Varsity Wrestling Team finished off another successful and enjoyable year in February, with a number of medals and fine performances at the GMAA finals. Leading the way for the Gryphons were veteran Grade 11 students Najib Sallman (silver), Jeff Chui (bronze) and Maksim Knecht (silver). Also winning bronze medals were Michael Lazar and Jordan Benjamin. Unfortunately, Chris Potter was knocked out of the championships due to an injury, costing the Gryphons a sure medal. At the Provincial Championships, Ben Wilner, Alex Williams-Zannis and Christopher Wong all won medals and Selwyn placed 6th as a team. At the Omnium de Quebec tournament in December, both Najib Sallman and Alex Williams-Zannis won silver medals in a tough competition against athletes from Quebec, Ontario, New York and New Brunswick. Competing in their last year for the Gryphons were Chris Potter, Maksim Knecht, Jeff Chui and Najib Sallman. Chui and Sallman especially, will leave a big gap in terms of technical skills and leadership, both on and off the mat. Najib leaves the school as the third most successful wrestler of all time, with a record of 53 wins and 28 losses in his career.

There's no excuse for the pun here: this year's Selwyn House curling team "rocked"! With 9 experienced curlers making the foundation of the team and 10 other keen rookies, these "men with brooms" literally swept the GMAA regular season, claiming 12 victories. The season was teeming with highlights: sending out a team of completely green curlers to play and win against LCC, taking the top three finishes in the Selwyn House Invitational Bonspeil in February, and our resounding 16-1 and 15-2 scores in the championship games against Centennial Academy. There was little that the Centennial team could do to combat the experience our teams. We are confident that even as we graduate eight of our members, there is still much depth in the Selwyn team. Thanks and good curling to our graduates!

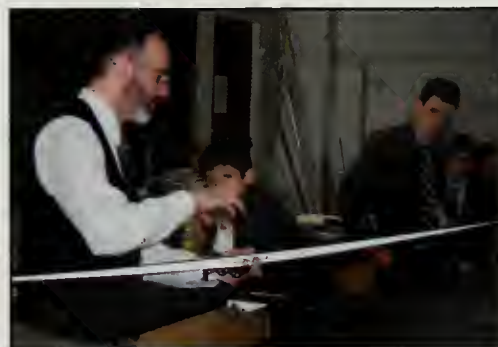

Cross Country Skiing

The Selwyn Nordic Ski Team had a successful season, with members from all age categories finding themselves atop the medal podium. The snow (or lack of!!) was troublesome again this year but, despite this, the team competed in two G.M.A.A. league races. Our midget, juvenile, and bantam teams all won their age category banners. Personal victories were attained by juveniles Daniel Maldoff, who earned gold in every race he entered, Geoffrey Dyck who won silver; and

Nathan Vexler who took bronze. The midget team of Daniel Palardy, Valter Pinchiaroli, and Nicholas Cronin also swept the medals. To complete the perfect clean sweep, the bantam team dominated the podium: James Coulton, Ian Matheson and Gabriel Maldoff skied to gold, silver and bronze.

Despite tough training conditions, it was an excellent season. We are all looking forward to next year. *Please pray for snow.*

This year's team was in Coach Govan's opinion, one of the most coachable group of boys ever. The leadership provided by the 4 Martin Bormer Award winners, R.Cambell, D.Brunetti, S.Mcmillan, and A. Bussandri, had much to do with their success on and off the field. The season started with an easy win over Essex, but a loss to Stanstead forced us to recognize our weaknesses. An early GMAA loss to Loyola, after an impressive first half, allowed us to become enthusiastic about our progress. Wins over St.Henri, Lower Canada College and Bourassa set the stage for the semifinals. Everything was in order, but the scheduled referee was injured and his weak replacement meant a last minute loss to St.Henri. Final score: 5 to 3. Regrettably, the development and progress of the team was not to be rewarded with a Championship.

The GMAA Tournament saw some preliminary round robin action in all age categories for both singles and doubles. To use an outdated cliché, the days were filled with ups and downs. One midget doubles team of Michael Grover and Matt Firestone, took advantage of their opponent's mistakes and easily made their final, squeezing out a 7-6 victory to capture the gold medal. The other doubles team of Will

Martin-Chin and Justin Tan, both steady with consistent ground strokes, fell to Loyola's first team in their quarterfinal. Sean Brophy defended Richard Kwee's victory of last year, winning the singles title easily with his smooth, fluid style of play. The doubles team of Miguel Burnier and Keith Martin were upset by a determined pair of younger Loyola boys in the bronze medal game. Singles players, Chris Rochon and Rich Kwee, faced the provinces first and second ranking players in their semifinals. Chris played with tremendous footspeed and was able to steal a few points in a losing cause. Sadly, Rich, our own SHS

superstar, played a close game, losing 6-4. These two SHS boys faced each other in the bronze medal game, where Rich and Roch duked it out. Rich walked away with the win, and Chris, as always, walked away with the grin, a true sportsman. In the end, we amassed 3 individual medals and two team medals. All of the 18 SHS players in the tournament who played their best, for better or for worse, are to be commended. The Gryphon Baseball Team enjoyed an incredibly successful season. Led by stellar pitching from the likes of Sean Bernstein and Casey Auerbach, the team had a perfect record against our main rivals, Lower Canada College. Fortunately, the team will be preserved for another year as there were no grade elevens participating. Returning grade tens, John Galardo, Corey Zalchman and Zach Greenberg, as well as shortstop Beno Schell-Schnitzer and second baseman Aaron Besner, hopefully will lead the team to glory for a second year in a row.

Senior Ball Hockey

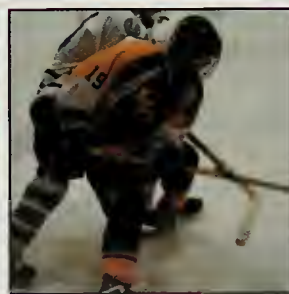

One thing upon which all of the participants of this spring's ball hockey option agree is that they had a remarkable time. The season comprised of regular games between 4 differently talented teams, all enjoying the fierce competition from each other. It ended with the competitors slotted into playoff positions, ready for a showdown and the champions claiming their crown. Ball hockey is a clash between students and teachers, but all sharing one true love: athleticism. We owe many thanks to all of the adult competitors. From all of us, thank you!

Selwyn Terry Fox Run

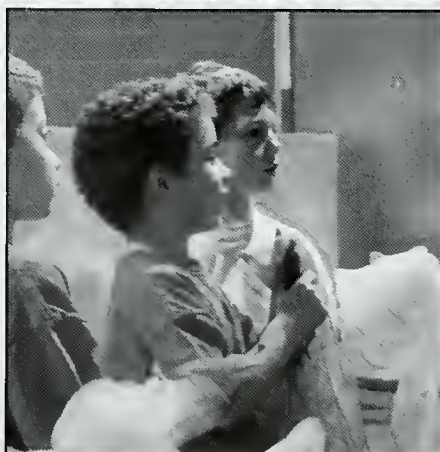

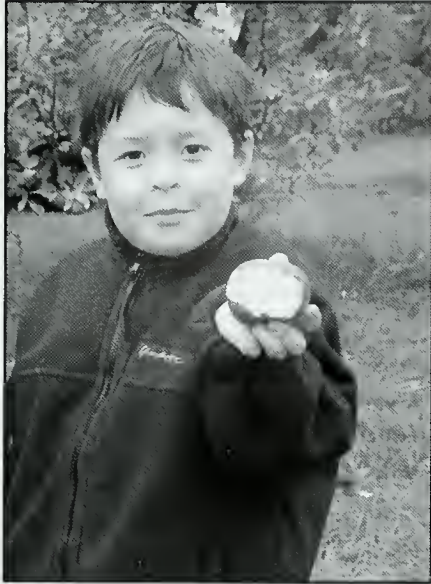

Steady drizzle did not deter the Selwyn House community from putting in enthusiastic showings in both this year's Terry Fox Run and in the Cyclothon for Juvenile Diabetes Research in October and in May, respectively. Over \$26,000 was raised for medical research by students, staff, parents and friends of Selwyn for these two organizations. Concerning the Terry Fox Run, Athletic director Steve Mitchell points out that it "is one of the only school events that everybody participates in," and he says the event helps inform students about what the legacy of Terry Fox means to all Canadians: "There's an educational value in the Run that you can't put a price on."

ZZZZ.....

At the risk of sounding trite, the world is now your oyster - go out and grab it. The Old Boys Association is there to help. We want you to know that you are now part of a distinct group of men, who much like yourselves, have grown through the Selwyn House experience and are now making their marks upon the world. We want to help you do the same.

Wherever you go, whatever you do, please let us know. We want to put you in touch with other Old Boys, and we want the whole community to stay in touch with you. Welcome aboard, and on behalf of all the Old Boys, I would like to say that we are truly looking forward to getting to know all of you better throughout the coming years.

Congratulations to Josh and the class of 2002.
Thank you for 11 wonderful years!

The Wolfe family

My Darling Boys,

It was with great pride that I watched the three of you go through yet another school year. For your father and I, the chance to watch your growth and development on a daily basis has been most rewarding. We witnessed you struggle and overcome, with great determination and hard work, the challenges of yet another school year. As a result, your father and I have great faith in your accomplishments forever.

The McKinney Family

"Somebody said that it couldn't be done, but he with a chuckle replied that "maybe it couldn't," but he would be one who wouldn't say so till he'd tried. So he buckled right in with the trace of a grin on his face.

If he worried he hid it
He started to sing as he tackled the thing
That couldn't be done, and he did it."
